

HIGH SCHOOL WINNER OF ACADEMIC HONORS

Swept Academy and McGuire's Off Their Feet at Track Meet for Championship of Richmond. Harlow, Academy, Star of Occasion.

Point Distribution

	Total
John Marshall	90
High School	7
Richmond Acad.	5
McGuire's	4
Harlow	3
First counts five points; second, three points; third, one point.	

John Marshall High School won the three-cornered open-air track meet for the prop school track championship of Richmond yesterday, by piling up a total of 90, nearly twice as many as the two other competitors. Richmond Academy was second, with 30 points, and McGuire's was the trailer, with 25. It was by far the prettiest meet held in Richmond in years, and the junior athletes made some time which puts the older cinderpath performers to the blush. A fair crowd—not as large as the excellence of the sport merited—was out to do some rooting, and it roared. John Marshall was the favorite, and the regularity with which the athletes from the public school scored indicated that the confidence was not misplaced.

Harlow the Star.
While John Marshall was confessedly the strongest of the three schools, to Harlow, of Richmond Academy, should go the honors. He is one of the best, fastest and most consistent sprinters developed in Richmond since the good days of McNeil and others at Richmond College. Not only is he a good judge of pace, but he has the stamina to carry him across the tape. He won for his school four firsts, without which it would have been a sorry trailer.

By outclassing his field Harlow won handily the 50-yard dash, the 100-yard dash, the 440-yard dash and the 220-yard dash—a remarkable showing considering the fact that there was but a short rest between the events. Harlow is going to become one of the best athletes in the State if he keeps the pace which he has set for himself. He was the winner of the medal for the best all-around athlete at the field day of Richmond Academy. Five points were added to the academy's score because neither High School nor McGuire's produced a midget relay complying with the requirements, and the race was therefore awarded the Academy. Another first was added through Harlow's ability as a pole vaulter.

High School Consistent.
For the High School, Anderson, Johnson, Wallerstein, Cosby, Bass, and Padgett were the point winners. The public school line were far and away in the best condition, and showed the result of the careful training through which they have been put. Johnson came very near establishing an academic record by going over the foot in the running high jump at 5 feet 1 1/2 inches.

McGuire's was sorely lacking in point winners. There were absolutely no second place men in the squad, and the only first won by that school came

in the 100-yard dash. The 100-yard dash was won by Harlow (H. S.), first; Wallerstein (H. S.), second; Coleman (H. S.), third. Time, 1:40.15. Fireman Melen Winn, Felicitos, Rousseau, Sancho, Panza, Ramazan, Port Arlington, Star Blaze Waltz also ran. FIRST DEAD HEAT OF MEETING RUN

Colston and Hazel Burke Finish So Close Together That Judges Could Not Decide.

Louisville, Ky., May 24.—The first dead heat run since the installation of the pari-mutuel machines at Churchill Downs occurred to-day, in the first race, when Colston and Hazel Burke came to the wire so close together that the judges could not separate them. The purse was divided, and the backer of both horses received half the amount of the winning tickets. The colors of Captain E. B. Cassatt, of Philadelphia, were carried to victory for the first time at the meeting by the winner of the fifth race, Jockey Walcott, who was unsated when Tom Bigbee stumbled in the last race. In falling, the rider sustained bruises and a lacerated tongue. Summary:

INCREASE SHOWN IN GOOD ROAD FUND

Gradually the \$10,000 Needed for Improvement Is Being Secured.

The work of securing subscriptions for the building of the Gordonsville to Old Point Comfort Highway continues, and it is the aim of those in charge to have the whole of the \$10,000 desired in hand by the close of this week.

While the work of securing this money continues here, actual work of building the road is in progress, and many miles of the road between this city and Old Point Comfort have been completed. Up in Louisa county the people are not less anxious to see the amount raised, and the farmers are giving to the fund with exceeding liberality. Thus far, while the subscription has not reached as much as was expected, nevertheless sufficient has been done to assure the building of the highway, and now plans are being made to practically apply the funds in hand, which, when placed in the hands of the State aid, means the completion of the road.

Of the amount subscribed, practically all has been in cash, which renders it possible to determine just how fast the plans are being matured, and over and above that, as soon as the fund is large enough to guarantee and permit contracts to be closed, bids will be asked for the construction of bridges, and road supervisors will put their forces at work in places where the roads are not already being done.

Under the kind of supervision which will characterize the work of constructing this road, it is expected to build the road at much less cost per mile than has been the cost of building heretofore with the ordinary road force. On the road being constructed between Richmond and Old Point much better road is being built for \$150 per mile than was built in some of the sections of this State where material was as accessible and as abundant, at a cost of \$600 per mile.

It is urged that motorists take advantage of the present good weather and make the run down to Old Point the road being constructed, and see just what is being done. The road trip may easily be made in one day, with considerable time for rest at Old Point, and those who would avail themselves of the trip will find the road in better shape and see the work being carried forward in much larger extent than is generally considered.

The committee in charge of securing subscriptions again urges those who have not yet done so to do so at once, either by handing some money to the solicitor of the association or by mail direct to H. C. Peck, in the Mutual Building.
